

Web Design & Development Process by Reseller Business Online Ltd

Step One

Choose a similar site you want your website modelled on from the links below. <https://winningwp.com/divi-wordpress-theme-examples/>

<https://www.beewits.com/divi-theme-examples-website/>

We can copy the site, change the colors tweak the design and add any new text or photos that you provide. We can also provide images or content for your website.

We design and deliver using the Divi and Elementor in Wordpress.

Step Two

Check which package you need to purchase from

<https://hdwebdesign.co.uk/>, then make the purchase on our website or we can send you an invoice via PayPal or Direct from our Bank which you can pay with any credit or debit card. We also accept Purchase orders. We do not accept cheques or cash.

Step Three

When this is done

We just need:

(A) Your Full Name & Email Address

(B) A site you provide that is similar to what you want

(C) Your existing domain name OR the available **Domain that you want registered together with your domain registrar account. Get a Domain Name With Privacy Protection and lots more @**

<https://www.resellerbusinessonline.co.uk/>

If you already own your own domain and need web hosting, then you must change the nameservers for the domain to:

ns1.md-uk-2.webhostbox.net

ns2.md-uk-2.webhostbox.net

The domain will point to our server from your account at <https://www.resellerbusinessonline.co.uk/> (you don't need hosting)

The website will be in your name or company name because the domain will be in your <https://www.resellerbusinessonline.co.uk/> account with your contact details associated with it.

We will include a **free SSL worth £49 per year** so the domain appears as **Secure https://**. If the site is set up on our server, you will have **full cPanel access and control of your site**.

The SSL is only free if the site is set up on our server.

D

The **Written Content** of what you want to appear on your website. **Any pics** that you would like to appear on your website, if you don't have any pics we can provide some. If it is a self-branded site you should have some pics of yourself.

When we have A, B, C & D we will keep in touch with you until the project is complete.

Websites are generally delivered to you within **7-14 days**...depending on the speed of communication between us.

We offer free training, support and unlimited revisions until **100% satisfied**.
